

Phoenix PCM-6500

Specifications

Our firm is a "one stop shop" for heavy-civil engineering construction and your Phoenix 7500 curb machine compliments our concrete division perfectly. The 7500 is compact enough to get in and out of jobs with ease and provides enough punch to knock jobs out like a big boy. Thanks to you and your staff for the continued support with helping our firm roll out this new machine.

Dimensions	Length	120"/3.048 M
	Width	96"/2.438 M
	Height	73"/1.854 M
	Weight	7250 lbs./3295 kgms.
Fuel Tank Capacity	19 gallons/71.90 liters	
Hydraulic Oil Tank Capacity	60 gallons/227.12 liters	
Engine	Kohler 51 HP Diesel	
Tires	Front	26"x12"x12" Silicon Filled
	Rear	31"x15.5"x15" 10 Ply/Air Filled; Silicon filled is an option (to be quoted).
Hopper	Standard hopper is 3/4 cubic yard. Hoppers can be custom built to meet your specific job requirements; modified hopper prices to be quoted based upon your specifications.	
Vibrators	(2)Minnich 3" hydraulic vibrators. Additional vibrators may be required for larger hoppers, i.e. those hoppers used for pouring walkways.	
Auger/Trimmer	Not available on the PCM-6500, a grading trimmer is available on the PCM-7500.	
Speed	Pouring speeds upto 50' per minute/15.24 meters/minute. ****Speeds depend on job site conditions****	
Hydraulics	Dual pumps; main pump is pressure compensated variable displacement. Second pump powers the hydrostatic transmission driving all four wheels. Hydraulic valves are proportional for precise management of hydraulic oil pressures.	
Controls	iTerra™ proprietary electronics system delivers precise control over grade and slope improving job performance and speed helping to eliminate waste. Our iTerra electronics includes our advanced proprietary front and rear steering sensors.	
Capabilities	Radius	48" when pouring monolithic curb and when pouring curb and gutter to 24" wide.
	Width	Up to 32"
	Height	Will pour to 24" high.
	Walkway Capable	48" - 60" Wide
Drive	4 wheel drive	
Setup	Transports on a 12,000 KW trailer pulled easily by a 1 ton pickup. Offloaded and setup to begin work in less than 30 minutes. Quickly and easily cleaned.	
Performance	Curb, Curb and Gutter, Walkways	
Accessories	Molds: Built to your specifications, priced from \$2,500.00 USD. Catch/Spill designs available.	
	String Line Kits: 2000' string line kit \$1,500.00; 100' radius kit \$520.00, plus shipping.	
	All pricing in USD	
	Shipping - USA, FOB Anderson, CA. - International, EXW Anderson, CA.	
Warranty	6 Months Parts and Labor (please read warranty for specific details) All specifications, terms and pricing subject to change without notice.
