

# Phoenix PCM-7500

## Specifications

Our firm is a "one stop shop" for heavy-civil engineering construction and your Phoenix 7500 curb machine compliments our concrete division perfectly. The 7500 is compact enough to get in and out of jobs with ease and provides enough punch to knock jobs out like a big boy. Thanks to you and your staff for the continued support with helping our firm roll out this new machine.

**Dimensions**  
Length 120"/3.048 M  
Width 96"/2.438 M  
Height 73"/1.854 M  
Weight 9,750 lbs./4431 kgms.

**Fuel Tank Capacity** 19 gallons/71.90 liters

**Hydraulic Oil Tank Capacity** 60 gallons/227.12 liters

**Engine** Kubota 84.5 HP Diesel

**Tires**  
Front 26"x12"x12" Silicon Filled  
Rear 31"x15.5"x15" 10 Ply Air Filled; silicon filled is an option to be quoted.

**Hopper** Standard hopper is 3/4 cubic yard. Hoppers can be custom built to meet the specific job requirements; prices to be quoted based upon the job specifications.

**Vibrators** (2)Minnich 3" hydraulic vibrators. Additional vibrators are required for larger hoppers, i.e. those hoppers used for pouring walkways.

**Auger/Trimmer** 20" H x 70"W equipped with 2" carbide teeth. Auger is extendable and retractable.

**Speed** Pouring speeds up to 50' per minute/15.24 meters/minute  
\*\*\*\*Speeds depend on job site conditions\*\*\*\*

**Hydraulics** Dual pumps; main pump is pressure compensated variable displacement. Second pump powers the hydrostatic transmission driving all four wheels. Hydraulic valves are proportional for precise management of hydraulic oil pressure.

**Controls** iTerra™ proprietary electronic system delivers precise control over grade and slope improving job performance and speed helping to eliminate waste. Our iTerra electronics includes our advanced proprietary front and rear steering sensors.

**Capabilities**  
Radius 48" when pouring monolithic curb and when pouring curb and gutter to 24".  
Width Up to 32"  
Height Will pour to 24" high.  
Walkway Capable 48" - 60" Wide

**Drive** 4 wheel drive

**Setup** Transports on a 12,000 KW trailer pulled easily by a 1 ton pickup. Offloaded and setup to begin work in less than 30 minutes. Quickly and easily cleaned.

**Performance** Curb, Curb and Gutter, Walkways

**Accessories** Molds: Built to your specifications, priced from \$2500.00 USD. Catch/Spill designs available. String Line Kits: 2000' string line kit \$1500.00; 100' radius kit \$520.00 plus shipping.

**All pricing in USD**  
Shipping - USA, FOB Anderson, CA. - International, EXW Anderson, CA.

**Warranty** 6 Months Parts and Labor (please read warranty for specific details)
